#### About Us

Patel Fire Fighter provides the Design, Supply, Installations, Testing & Commissioning of fire Fighting Systems in India. We are one stop solution provider in the field of Fire and Security. We truly understand the hassle of the managers and the business owners who maintain the compliance along with the protection of the employees, property and the customers. This will be overwhelming for those who actually seek for installation service. The company also supports various solicitous approaches to the blueprint of the Fire Detection & Suppression Systems

#### About Us

Patel Fire Fighter provides the Design, Supply, Installations, Testing & Commissioning of fire Fighting Systems in India. We are one stop solution provider in the field of Fire and Security. We truly understand the hassle of the managers and the business owners who maintain the compliance along with the protection of the employees, property and the customers. This will be overwhelming for those who actually seek for installation service. The company also supports various solicitous approaches to the blueprint of the Fire Detection & Suppression Systems.

Patel Fire Fighter makes a commitment in order to meet the expectation of the customers looking for installation. The experienced and licensed personnel offer 24X7 services throughout 365 days in order to fit in the needs. We employ only experienced and trusted employees only for enhanced services. The proactive system of installers makes use of solid project management as well as the administrative skills to avoid any failure but provide high standards of service.

#### Mission:

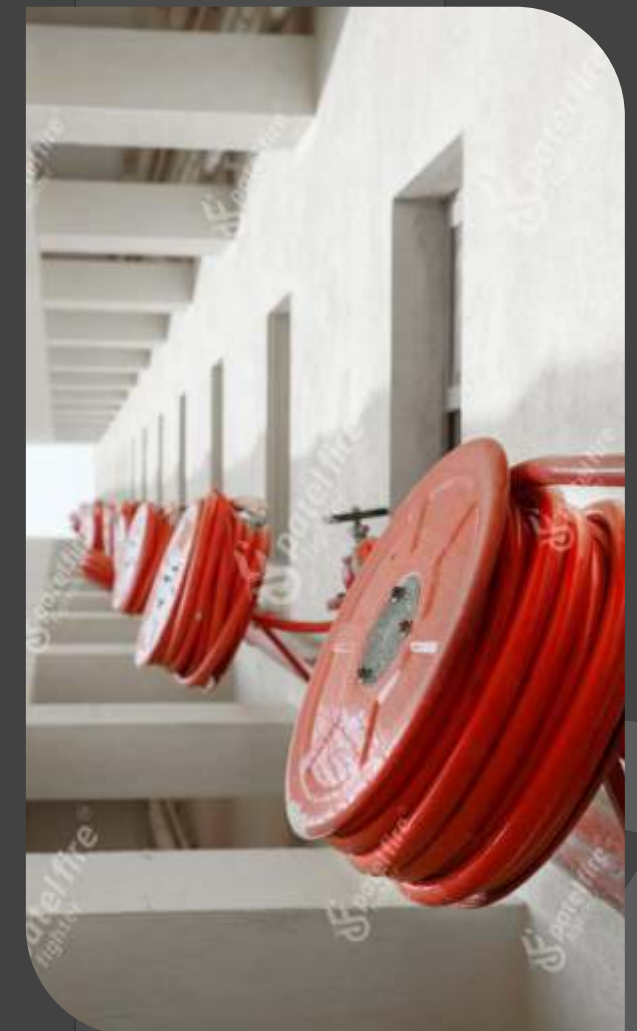

Patel Fire Fighter aims to achieve its mission with full service and fire protection as well as installation. We address all protection with the needs of the fire. It is a matter of pride for the company. Our mission is to Provide world class Fire Protection services to our customers.
